1. Applicant should note the changes to patent practice and procedure:

A) effective December 01, 1997 as published in the Federal Register, Vol 62, No. 197, Friday October 10, 1997; and

B) effective November 07, 2000 as published in the Federal Register, Vol 65, No. 54603, September 08, 2000.

2. The oath or declaration is defective. A new oath or declaration in compliance with 37 C.F.R. § 1.67(a) identifying this application by its Serial Number and filing date is required. See M.P.E.P. §§ 602.01 and 602.02.

2.1 The oath or declaration is defective because:

A) It does not identify the post office address of each inventor. A post office address is an address at which an inventor customarily receives his or her mail and may be either a home or business address. The post office address should include the ZIP Code designation.

3. Applicant has not given a post office address anywhere in the application papers as required by 37 CFR 1.33(a), which was in effect at the time of filing of the oath or declaration. A statement over applicant's signature providing a complete post office address is required.

4. The specification and drawings have not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification or drawings. Applicant should note the requirements of 37 CFR § 1.74, § 1.75, § 1.84(o,p(5)), § 1.121(a)-1.121(f) & § 1.121(g)-1.121(h).

5. The following is an Examiner's Statement of Reasons for Allowance over the prior art of record:

A) the prior art for example:

Art Unit: 2161

(2) either Fraser (5,644,115) or Silverman et al (5,924,082) or Mistr, Jr. (5,794,212) or Noguchi (JP 2000-148850) which disclose the matching of the offers to sell with offers to buy a commodity that includes the use of an electronic settlement system.

B) however in regard to claim 12, the prior art does not teach or suggest a method of selling electrical energy that includes establishing a data base of the next time period offers. Claims 13, 14, 53 & 54 are allowable for the same reason.

C) in regard to the subject matter of dependent claims 16, 28 & 40 the prior art does not teach or suggest minimizing the cost associated with transmission by determining a least cost transmission path from transaction conditions which include the capacity of transmission and the contractual agreements between buyers and sellers. Claims 17, 18, 21-25, 29, 30, 33-37, 41, 42 & 45-49 are allowable for the same reason.

5.1 Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Response to applicant's arguments.

6.1 All rejections and objections of the previous Office action not repeated or modified and repeated here in have been over come by applicant's last response.
